

Challenge #9: Video and Forms

Implemented embed video using local file video (mp4).

A screenshot of a code editor window with a dark theme. The editor shows an HTML file named 'index.html'. The code is structured with sections for 'home' and 'about'. In the 'home' section, there is a 'slide' div containing two spans with text 'Hello' and 'I'm'. Below this, there is a video embed using the <video> tag with a local file path 'vid1.mp4'. The 'about' section contains an 'img' tag for a profile picture and a text block about the user's background as a student and web designer. The status bar at the bottom indicates the current line and column (Ln 48, Col 84) and shows various icons for file operations and system status.

```
36 <!--home section design-->
37 <section class="home" id="home">
38   <div class="home-text">
39     <div class="slide">
40       <span class="one">Hello</span>
41       <span class="two">I'm</span>
42     </div>
43     <h1>Hance Jerald</h1>
44     <h3> A BSInfoSys Student.</h3>
45     <p>I'm now studying at University Of Southern Midanao, A first year student,<br>
46     this website is my final project in my subject Introduction To Computing.</p>
47     <div class="button">
48       <a href="vid1.mp4" class="btn2"><span><i class='bx bx-play'></i></span>
49       Watch Rolex</a>
50     </div>
51   </div>
52 </section>
53
54 <!--about section design-->
55 <section class="about" id="about">
56   <div class="about-img">
57     
58   </div>
59
60   <div class="about-text">
61     <h2>About Me</h2>
62     <h4>An E-Commerce Web Designer</h4>
63     <p>A Web designer is someone who prepares content for the Web.<br>
64     This role is mainly related to the styling and layout of pages with content,
